## Membership

Each year, legislation is passed on both the state and federal level that affects what happens on your farm or ranch operation. The Nebraska Wheat Growers Association (NWGA) is a bipartisan group of wheat farmers united together to be a strong voice for agriculture. Together, we work to ensure that the wheat producers voice is heard in order to positively affect what is impacting your operation.

Your membership to the NWGA also includes a membership to the National Association of Wheat Growers (NAWG). Through your active participation, we can make a difference on both the state and federal levels in regards to taxes, farm policy, and rules and regulations.
